NEOPRENE GUNSLINGS

BLASCHKE SLINGS

The pad consists of nylon on neoprene with lycra binding on its edge and non-slip sharkskin lining. The strap is made of a matching heavy-duty nylon webbing with the famous non-slip speed buckle. It is truly a one-hand adjustment with unlimited locking positions.

These neoprene slings are built for ultra comfort and shock absorption. The pad has reinforced rubber laminated between the neoprene and a lycra binding on its edge with black genuine leather tabs. They have a non-slip shark skin lining, heavy-duty nylon webbing, and a tension-lock buckle for easy adjustment.
